Thank you and look forward to further engagement with the organisers spekaers and the delegates

Very Well organised and Knowledgeable session we had... It will help to get sustainable throughout Company . Happy to be attend such events further

Overall a good initiative

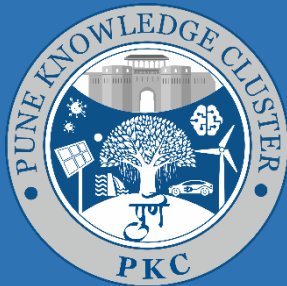

Good initiative to hear from industry experts and connecting people around pune working in same fields with different backgrounds. Great experience

Excellant Speakers , got valuable inputs how India is trying to achive sustainability Goal of Net Zero and how we can be a contribute as a Individual, community

Excellent.

The event was well designed and I learnt new things from the speakers

About the Organizers

The Pune Knowledge Cluster (PKC) is one of seven S&T clusters established by the Office of Principal Scientific Adviser to the Government of India. PKC aims to bring together academia, R & D institutions and the Industry of Pune and its surrounding areas, to address challenging problems of the region through innovative means, using scientific knowledge and engaging in capacity building. For more information about PKC please visit: www.pkc.org.in

The Centre for Sustainable Development is a policy research and public advocacy centre at the Gokhale Institute of Politics and Economics. The Centre intends to engage in cutting edge research in the field of sustainable development and policy advocacy. CSD will provide a scholarly environment for doctoral and post-doctoral research. The Centre will also undertake applied research with government and industry. For more information about CSD, GIPE please visit: <https://www.csd.gipe.ac.in/>

Samuchit EnviroTech

Samuchit Enviro Tech is a social enterprise, working in India, since 2005. They are focused on enabling individuals, households, institutions, and small businesses to embrace sustainability in their daily activities. While the majority of our activities are focused in western India, they have been involved with a number of pan-India projects as well as projects in other countries in Asia and Africa, either as service/product providers or as consultants/advisers. For more information about CSD, GIPE please visit:
